

2025

Our early childhood program is run by developmental therapists with consistent collaboration and support from our SLPs, OTs and PTs.

LITTLE EXPLORERS: AGES 18 MONTHS-5YRS

With a therapeutic approach, Little Explorers runs four mornings a week and is a great addition or stepping stone to school district or community based programs.

Mondays, Tuesdays, Thursdays.

Fridays 9:30-11:30

Choose 2, 3 or 4 days

Email Jana@ccstherapy4kids.com for more info

20 week session

January 6th-May 30th

Spring break- March 24-28

“This amazing program has helped us a lot. Now my son is talking more and playing with his peers. At the beginning he was so shy and didn’t wanted to play with others, but now he loves his peers. We are so grateful for this opportunity for our son. We love CCS !”

“I’m thrilled we found CCS. My child was in another non-therapy based program before and the teachers had a hard time knowing what to do when my son was disregulated, but I knew after the first day at CCS that the teachers/therapists (Jana) knew exactly what my son needed.”

“My daughter has learned to socialize, parallel play, follow routine and participate in group activities like circle time. She’s learned new skills and became more verbal. The staff is amazing at working with each kid and their needs. I am forever grateful we found CCS Clubhouse.”
